MAX1

Only 6.5 kg!
One of the lightest robots on the market!

CODE **57350**   max1

The new **Max 1** removes all dirt from the bottom of the pool with maximum comfort thanks to the top access filters and the **Easy View** windows, which easily allow to check if the filters needs to be cleaned. It has two cleaning cycles of 1 hour (small pools) and 2 hours (bigger pools) with automatic shut-off and it can be programmed by an external timer (not included). It runs with only one pump that offers a suction power of 18 m³/h and is one of **the lightest cleaners on the market** at only 6.5 kgs (without the cable).

▶ **Top access filter with easy view**

▶ **Maximum simplicity**

▶ **Plug & Play**

1. **Easy Clean:** filter that enables quick and easy cleaning
2. **Easy View:** transparent windows for seeing inside the filters
3. **Plug & Play**
4. **Light**
5. **Easy Open:** direct access to the filter
